Dear Parent/Guardian,

Catholic Schools Week is a wonderful week to showcase our school. I hope you enjoyed the Open House and seeing all of the excellent work done by our students. Thank you to our students who sang and participated in our Sunday Liturgy. Kudos goes to our wonderful teachers and staff who share their many talents to make St. Bernadette School the special place that it is. Special thanks to those parents who donated cookies and those who taught Junior Achievement this week.

Our 2018-2019 intent forms will be sent home soon. More information on re-registering will be sent home with your intent form. **Pastor Verification Forms** for families who belong to other Catholic parishes also will be sent home. These forms have to be completed each year. Your tuition will not reflect the parishioner rate until your Pastor Verification Form is returned.

Financial Aid is available from 4 sources. They are BEF (Bishop's Education Fund), SOS (Scholastic Opportunities Scholarship), the Kramer Foundation, and St. Bernadette Angel Fund. Any financial aid given is based upon information received from the FACTS application. Money is available so please apply. All applications for FACTS must be postmarked by **March 15, 2018**.

We recently received a check in the amount of \$719.70 from Box Tops for Education. Thank you to all who saved them for us, and thank you to our volunteer Rebecca Abel who does the paperwork involved.

Congratulations to the Future Cities team winning Second Place in the competition last week during National Engineers Week. The competition is sponsored by the Engineer's Society at the Carnegie Music Hall. The city they developed, "Perth LLAP, an AGE-Friendly City", is on display in the school foyer by the Science Lab. The team members were Ryan Bozicevic, Heath Chase, Andy Fisher, Will Kromka, Haley Moreland, Anna Reynolds, Will Roper, Kaylee Toomey, Julia Webster, Becca Whealdon, Vivian Bui, Nicolas Fuller, Cade Kellick, and Caroline Malandra. Special thanks to Mrs. Chase, Miss Werkin, Dr. Michele Khosah, and Mr. Eric Moreland for their expertise. Our team was also awarded "Most Creative Use of Recycled Materials" and "Best Use of Factories". Thank you for a job well done Future Cities Team! You made us proud.

With the love of Jesus Christ as our model, let us serve those in need with open hearts.

Sister Carol

Sister Carol Arch, C.S.J.
Principal

P.S. Please try to attend our evening at Max & Erma's – 20% of what you pay comes back to our school. Hope to see you there on Wednesday, February 7, 2018.
